

Training to use the Freedom Programme for Children

CPD Accredited for 5 hours

This training is only open to facilitators who have completed the official Freedom Programme three-day CPD 15-point accredited facilitator training of which Pat Craven is the sole provider.

This training will equip the facilitator with the knowledge required to facilitate a version of the Freedom Programme which has been specially adapted for children of primary school age who have been exposed to male violence in their home.

Chris is now ready to train other facilitators to use this adapted course.

All trainees receive a document in the form of a download which they can print off to distribute as work books. At the event they will also be given a sample printed copy to work with during the course of the training.
